

# Bhagyashri Nivdunge

UX Designer | UI Developer

Design thinker, focused on conceptualizing new interaction patterns on different platforms. With 3 years’ of work experience as an User Experience Designer and UI developer, I have always thrived to build products which makes users think less. Handled the user experience strategy for multiple projects while collaborating with developers and graphic designers. Skilled in presenting and prototyping interactions with a great attention to detail.

## WORK EXPERIENCE

Deloitte Digital Aug’16 - Aug’18	<b>UI Developer - Mumbai, India</b>  Full-stack web development projects, with an emphasis on front end features and cross-browser compatibility. University of Washington, Seattle

MS in Information Management (User Experience and Analytical Research)  
2018-2020 GPA: 3.9

VJTI, Mumbai

B.Tech Information Technology  
2011-2015 GPA : 8.9

## PROFESSIONAL SKILLS

User Research,  
UI/UX/Interaction Design,  
Sketching, Wireframing,  
Rapid Prototyping,  
User Journeys/Flows,  
Story Boarding,  
Building Personas,  
Responsive Web Design,  
VR prototyping,  
Qualitative/ Quantitative User Research,  
Information Architecture

## TOOLS

Adobe Suite (PS, ID, AI),  
Sketch,  
Figma,  
Tablau,  
Unity (Basic),  
Invision,  
Axure

## Programming

HTML, CSS, Bootstrap,  
Javascript,  
React JS,  
Angular JS,  
Python,  
R (Basic),  
Ionic,  
PHP, JQuery
